

Temporary staff search engine

Welcome to the temporary staff search engine for companies in need of staff!

Austria's personnel providers make a major contribution to strengthening the competitiveness of Austria as a business location. They are labor market experts and help companies to respond flexibly to constantly new challenges by providing temporary staff with the skills they are looking for. Many personnel providers specialize in certain industries and therefore have different personnel pools

[wer-hat-wen.at](https://www.wer-hat-wen.at) is the only platform that enables a cross-market search for available workers in the personnel leasing sector.

Search for free - find easily - make a non-binding inquiry!

- **Our vision:** To bring together supply and demand in the personnel services sector efficiently, quickly and barrier-free and thus create a win-win-win situation for all parties involved in the triangular relationship "temporary agency - employer - employee"
- **Our philosophy:** There is nothing more social than giving people suitable work. We make a significant contribution to this with our unique internet platform!
